TO THE WEST! TO THE WEST!
Before making your arrangements to fol-
low the advice of the "thousands who have
already gone," it would be well to consider
what has been done to make the journey to
your "Homes in the West" as pleasant and
free from danger as human skill and fore-
sight can accomplish.

By consolidation and construction, a road
has been put into operation on the shortest
possible line from Nashville, Tenn., to St.
Louis, "the future great City of the world."
This line, the
ST. LOUIS & SOUTHEASTERN RAIL-
WAY,
has, during the past year, earned an en-
viable reputation by its smooth track, prompt
time, sure connections, and the magnifi-
cence of its passenger equipment. Its
trains are made up of new and commodious
day cars, provided with the celebrated Mil-
ler coupler and platform, and the Westing-
house air-brake.
It is positively the only line running
Pullman Palace Drawing-Room Sleeping
Cars through without change from Nash-
ville to St. Louis. No other line pretends
to offer such advantages, either in distance,
time, or equipment. Why, then, journey
by circuitous routes? Do not be induced
to purchase tickets to St. Louis or the
West by any other line, remember that
The "St. Louis & Southeastern"
is the shortest, cheapest, quickest, best and
only line under one management from
Nashville to St. Louis, and is from 60 to
200 miles the shortest to St. Louis, Kansas
City, Omaha, Denver, California, Texas,
and all western points. It is also the "Chi-
cago Shortest Line," via Evansville.

You can secure the cheapest rates for
yourself and your movable on applica-
tion, in person or by letter, to C. S. Bar-
nart, Southern Passenger Agent, Postof-
fice Box 242, Chattanooga Tenn., or to the
undersigned.

The Evening Post.

WILMINGTON, N. C.
Friday, March 6th, 1874.

By reference to our telegrams it will be seen that Admiral Case made all reports leave the fleet which is now manœuvring at Key West. Does this mean that a descent on Cuba or something else startling and prodigious is to be done by the fleet, which the reporters must be kept ignorant of?

Men as well as Measures.

In political contests principles are much, but with the oscillating voters who believe with Pope, that "for forms of government let fools contest, That which is best administered is best," the selection of good men is a most important consideration. Many are too careless to probe principles, or compare the actual work of political parties in their past, but depend altogether on the qualities of the individual who apply for office.

We knew a gentleman of profound sagacity in matters which his experience made familiar to him, who had amassed an independent fortune by his diligence and judgment. His political principles were of the Whig persuasion, but he had adopted one rule at least to govern him when giving a vote. It was not to vote for a candidate who was untidy in his dress. The argument was that if a candidate was habitually indifferent to his appearance, he was not fit to hold office; and if he adopted slovenliness during a canvass, he was still more unfit.

Without going to the extreme of our friend, it should be the determination of the Republican Conventions that the candidates they present to the people should be the best men in every respect, that are contained in the party. The arrogant and impertinent assumption of our political enemies, that they monopolize the virtue, wealth, and intelligence of the land, is now food for mirth. The social ostracism which was once so fondly hoped to be a great ally of the Democrats, has exploded to the injury of its projectors. Virtue and intelligence should justly be made a touchstone for office, and those most important elements the Republicans abundantly possess.

Care should be taken that Republican candidates have the qualifications which will commend them to the support of all. Let the fight be a square one on principles only. Let us compare what we have done for our country, with what the Democrats have done. Let us compare our promises for the future with theirs; and let us offer men who are known for virtue and intelligence, and the victory will be ours.

The Queen of England has one more daughter to marry. The Princess Beatrice is the last daughter of a long list of the children of the reigning monarch, for whom the people of Great Britain will have to provide a marriage portion. An impecunious Hertzog is said to have the inside track, and to have distanced his rivals in the race for her favor. Maybe the Queen after she has married off her youngest daughter, will rent out her palaces, and either "live around" among her children, or go to boarding.

A female Washington correspondent thus describes a new Senator from the Pacific coast. Senator Mitchell, of Oregon, sat leaning back upon a sofa in a distant corner. He had resigned his Senatorial seat for the time to benefit a prominent member of Congress. As he appeared with the gorgeous walls of the Senate for a background, no finer picture could be found for an artist's copy. Tall, elegant and graceful, with a singular purity of complexion, his head crowned by a glory of chestnut hair, such as the ancient painters used to delight to transfer to their canvas, large, deep blue eyes, such as Raphael gave his Madonnas. "Fell into trouble with women," said the newspapers. Will water fall when the clouds are moist? Will labor seek the neighborhood of capital? Alas! Will a duck swim? Senator Mitchell is not to blame because he is the handsomest specimen in the Senate. He did not make himself. Suppose he made mistakes or committed mischief before the sense of right and justice was crystallized in his mind? Who knows anything about the temptations placed before Adonis? What did Adam do when Eve gave him the apple, and told him it would do him good?

A New York establishment advertises "Purified milk baths for the complexion."

—Somebody in Mississippi claims to own Richmond, Mrs. Gaines owns New Orleans—and the devil himself thought he had the world in a "sling" until the Ohio women taught him different.

—The Grange movement is spreading like wildfire in Virginia. The farmers take to it with alacrity, regarding it as indemnity for the past and security for the future. Tuesday evening a Grange was instituted at Frederick Hall Louisa county, its membership embracing of the most respectable persons in that vicinity.

—At the written request of Senator Sargent, the President, Monday, directed the Attorney General to prepare the necessary papers to remit the fine and imprisonment of Messrs. Hall, Marsh and others, the Rochester election inspectors, who were tried and convicted in June, 1873, of registering Miss Susan B. Anthony and other women and receiving their votes. The inspectors are now in prison.

—The criminal suit for libel of Luther C. Challis against Woodhull, Claflin and Blood was brought to trial in the Court of Sessions, in New York, on Wednesday. A plea for delay by defendants' counsel was denied, and the impaneling of the jury began. The defendants were without bail, their bondsmen having surrendered them into the hands of the Sheriff, and must sleep in Ludlow Street Jail until new sureties are obtained.

—A cable dispatch from Madrid, of the 4th, says: "The aggressive movements of the Carlists have served to arouse a feeling on the part of the people to aid the government by all means in their power to crush the insurrection. Contributions of money and clothing are pouring in, and all the theatres in the city have given performances in aid of the cause. Telegrams have been received from the provincial authorities offering moral and material support. The latest advices from Bilbao report no change in the situation. The Carlists keep up their bombardment. About two hundred shells are thrown into the city daily."

—Ben. H. Hill, of Georgia, has another grievance. In his late speech before the Southern Historical Society in Atlanta, he deprecated the fact that so many military men have obtained office, North and South, since the war. He said "that it was contrary to nature for a man to be both a military genius and a statesman." Again, "the Southern people made the great blunder during the war of putting politicians in command of armies, and now make the still more stupendous blunder of sending Generals to Congress and to fill other offices of political influence and authority." Speaking of the degeneration of Congress, he asserted that "there are enough Generals, Colonels, Majors and Captains in that body to form a respectable army, but not enough statesmen to make a good committee. Ben Hill is not a soldier, and he intends to run for Congress."

COUNTY COMMISSIONERS.

—The Board

of County Commissioners met in ad-

journd session last evening at 8 o'clock

—all the members of the Board be-

ing present. The following is a synop-

sis of the proceeding:

The petition of the Wilmington Rail-
way Bridge Company for a release of

taxation upon their property having

been duly considered by the Board of

County Commissioners, they find that

the company is owners of bridges, one

across the N. E. branch of the Cape

Fear river, and another across the N.

W. branch of the Cape Fear river, and

of a line of railway of about two miles,

connecting the two bridges; that the

Bridge Company is a separate and in-

dependent corporation, and is the own-

er of the above property. The Board

are of the opinion and so decide that the

said property is liable to taxation as

such under the Constitution and Laws

of the State.

Ordered, That the Finance commit-

tee examine into and report at a meet-

ing of the Board to be held Monday,

16th of March, the amount required to

be raised, for the payment of the ordi-

nary and extraordinary expenses of the

county for 12 months, from July 1st,

1874, together with such amount as

will be necessary for the payment of

deficiencies already existing, or which

may be incurred prior to the 1st of July

next, and to recommend the rate of

taxation to be collected for the use of

the county aforesaid.

Whereas, the demand for money for

the use of the county is so great that

indulgence cannot be further permitted,

it is

Ordered, That the county Register

and Sheriff proceed forthwith to collect

all the taxes due on Schedule B, to-

gether with the penalties, in accord-

ance with the act of the General As-

sembly.

Ordered further, That the claims a-

gainst the counties and individuals be

collected at once.

Whereas, it is apparent that in order

to meet the necessary expenses of the

county of New Hanover, until the taxes

for the year 1874 can be collected, a

load must be made, it is

Ordered, That the Finance committee

Prospectus for 1874—Seventh Year
THE ALDINE

An Illustrated Monthly Journal, univer-
sally admitted to be Handsomest Pe-
riodical in the World. A Rep-
resentative and Champion
of American Taste.

Not for Sale in Book or Music Stores

THE ALDINE while issued with all the
regularity, has none of the temporary or
timely interest characteristic of ordinary
periodicals. It is an elegant miscellany
of pure, light and graceful literature, and
collection of pictures, the rarest speci-
mens of artistic skill, in black and white.

Although each succeeding number affords
fresh pleasure to its friends, the real value
and beauty of THE ALDINE will be most
appreciated after it has been bound up at
the close of the year. While other publica-
tions may claim superior cheapness, as
compared with a similar class, THE
ALDINE is a unique and original concep-
tion—alone and unapproached—absol-
utely without competition in price or char-
acter. The possessor of a complete volume
cannot duplicate the quantity of fine paper
and engravings in any other shape or num-
ber of volumes for less than its cost; and
then, there are the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have
won a world-wide reputation, and in the
art centres of Europe it is an admitted fact
that its wood cuts are examples of the high-
est perfection ever attained. The common
practice in favor of "stucco" plates, is rap-
idly yielding to a more educated and dis-
criminating taste which recognizes the ad-
vantages of superior artistic quality and
greater facility of production. The wood-
cuts of THE ALDINE possess all the deli-
cacy and elaborate finish of the most costly
steel plate, while they afford a better ren-
dering of the artist's original.

To fully realize the wonderful work which
THE ALDINE is doing for the cause of art
culture in America, it is only necessary to
consider the cost to the people of any other
decent representations of the productions of
great painters.

In addition to designs by the members of
the National Academy, and other noted
American artists, THE ALDINE will repro-
duce examples of the best foreign masters,
selected with a view to the highest artistic
success and greatest general interest. The
subscribers to THE ALDINE will at a
trifling cost, enjoy in his own home the
pleasure and refining influences of art.

The quarterly tinted plates for 1874 will be
by Thos. Moran and J. D. Woodward.

The Christmas number for 1874 will contain
special designs appropriate to the season,
by our best artists, and will surpass in attrac-
tion any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for
the year 1874 will receive a pair of chromos.
The original picture was painted by the
publishers of THE ALDINE, by Thomas
Moran, whose great Colorado picture was
purchased by Congress for ten thousand dol-
lars. The subjects were chosen to represent
"The East" and "The West." One is a view
in the White Mountains New Hampshire the
other gives the Cliffs of Green Gorge, in the
mountain territory. The difference in the
nature of the scenes themselves in a pleasing
contrast, and affords a good display of the
artist's scope and coloring. The chromos
are each worked from thirty distinct plates,
and are in size 12 1/2 by 16 1/2 inches, and
are exact fac-similes of the originals. The presentation
of a worthy example of America's
greatest landscape painter to the subscribers
of THE ALDINE was a bold but peculiarly
happy idea, and its successful realization is
attested by the following testimonial, over
the signature of Mr. Moran himself.

"NEWARK, N. J., Sept. 20th, 1873.
Messrs. JAMES SUTTON & Co.

Gentlemen,—I am delighted with the
proofs of the color of my chromos. They are
wonderfully successful representations of
mechanical process of the original paintings.

Very respectfully,
(Signed), THOS. MORAN.

These chromos are in every sense American.
They are by an original American process,
with material of American manufacture,
from designs of American scenery by an
American painter, and presented to subscrib-
ers to one of the most successful American Art
Journals. If no better because of all this they
will certainly possess an interest no foreign
production can inspire, and neither are they
any the worse if by reason of peculiar cir-
cumstances of production they cost the publishers
a trifle, while equal in every respect to
other chromos that are sold singly for five
times the subscription price of THE ALDINE.

Persons of taste will prize these pictures for
themselves—not for the price paid for them.
If they do not cost, and will appreciate the enter-
prise that renders their distribution possible.
If any subscribers should indicate a pre-
ference for a figure subject, the publishers
will send "Thoughts of Home," a new and
beautiful chromo, 14 1/2 by 12 inches, represent-
ing a little Italian exile whose speaking
eyes betray the longings of his heart.

TERMS.

\$5 per annum, in advance, with Oil
Chromos free.

For 50 Cents Extra, the chromos will be
sent by mail, unmounted, varnished, and prepaid
by mail.

THE ALDINE will, hereafter, be obtain-
able only by subscription. There will be no
reduced or club rate; cash for subscriptions
must be sent to the publishers direct, or
handed to the local canvasser. In case
responsibility to the publishers, except in cases
where the certificate is given, bearing the
facsimile signature of JAMES SUTTON & Co.

THE SUN.

WEEKLY, SEMI-WEEKLY, AND
DAILY.

THE WEEKLY SUN is too widely known
to require any extended notice. It is
but the reasons which have already given
it fifty thousand subscribers, and which
have made it the most popular newspaper
of the country, are so many thousands more
are briefly as follows.

It is a first rate newspaper. All the news
of the world will be found in it, condensed
when unimportant, at full length when of
moment, and always presented in a clear,
intelligible, and interesting manner.

It is a first rate family paper, full of enter-
taining and instructive reading of every
kind, but containing nothing that can of-
fend the most delicate and scrupulous taste.

It is a first rate story paper. The best tales
and romances of current literature are care-
fully selected and elegantly printed in its pa-
ges.

It is a first rate agricultural paper. The
most fresh and instructive articles on agri-
cultural topics regularly appear in this de-
partment.

It is an independent political paper, be-
longing to no party and winning no color—
It fights for principle, and for the good
of the best men to office. It especially de-
votes its energies to the exposure of the
great corruptions that now weaken and de-
grade our country and threaten to under-
mine republican institutions altogether. It
has no fear of knives, and asks no favors
from their supporters.

It reports the fashions for the ladies and
the markets for the men, especially the cat-
tle markets, to which it pays particular at-
tention.

Finally, it is the cheapest paper published.
One dollar a year will secure it for any sub-
scriber. It is not necessary to get up a club
in order to have THE WEEKLY SUN at this
rate. Any one who sends a single dol-
lar will get the paper for a year.

THE WEEKLY SUN.—Eight pages, fifty
six columns. Only \$1 00 a year. No dis-
counts from this rate.

THE SEMI-WEEKLY SUN.—Same size
as the Daily Sun. \$2 00 a year. A discount
of 20 per cent. to clubs of 10 or over.
